## C2

**10:30 AM—12:00 PM**

### **CMS: The Role of Travel and Traffic Data**

Chair: Eugene Bandy

**Dan Blevins**—Wilmington MPO

**Mark Schlappi**—CMS Data and Applications: Phoenix Metropolitan Area

**Martin Guttenplan**—CMS Data and Multimodal LOS Applications: Florida DOT

**Keith Nichols**—CMS Data and Applications: Hampton Roads MPO

Now that Congestion Management Systems (CMS) have been with us almost a full decade, it is time to “look under the hood” and see how they utilize travel information. The session will begin with an overview of CMS, its needs for travel information, and examples of how data is used and presented.
